A Celebration of the Best Italian Traditions and Southern American Ingredients

Rustic Italian Recipes from the South's
Most Respected and Original Culinary Voice

"Lucky are those who are called to Frank Stitt's table—supremely gifted, generous of spirit, and a true Southern gentleman, he is one of the great cooks I know." —*Scott Peacock*

"The best chef in America." —*Pat Conroy*

"Southerners, like Italians, enjoy in their food a certain primal simplicity that respects ingredients for what they are more than what they might be." —*Warren St. John, from the Foreword of* Bottega Favorita

By Frank Stitt

Chef Frank Stitt is the man *The New York Times* credits for turning Birmingham Alabama, into a "sophisticated easygoing showplace of enticing Southern accented cooking." And now, with his second book, he transforms Mediterranean cuisine for the Southern table.

In **FRANK STITT'S BOTTEGA FAVORITA. A Southern Chef's Love Affair with Italian Food** (Artisan Books $40), the purity and simplicity of Mediterranean flavors are celebrated with Southern spirit on every page. "America's love of Italian food is probably the most dominant cultural trend. Everyone loves Italian food!" Stitt says. "And I know why. *Italian food is rustic, simple immediate and satisfying.*"

Stitt's been serving this cuisine—a combination of Southern cooking ideology and Italian tradition—for the last two decades at his Birmingham restaurant Bottega Restaurant and Café (Bottega means "workshop"). There the flavors and ingredients of Italy and the Mediterranean marry with the comforting traditions of the South. As a result, Stitt makes the romance and allure of the region tangible.

Cooking from an Italian point of view is a little like going back to a more ancient style of cooking—elemental and primal in its purity and simplicity where an unadorned slice of ruby prosciutto is savored with a meltingly tender ripe purple fig, as Stitt writes in his introduction.

Warren St. John, who wrote the Foreword to **BOTTEGA FAVORITA**, once asked Stitt about the connection between Southern and Italian food. He replied that the image of an Italian farmer tasting a grape in a vineyard had always reminded him of something he'd seen countless times in Alabama, a country farmer in a place like Chilton County leaning against the opened gate of his pickup truck, pulling out his pocketknife and carving a slice from a peach he'd grown himself. The imagery might seem archetypal, but if you've spent time in the country, you'll know they are real.

To Stitt's mind, the two regions—Italy and the American South—share commonalities. Both native cuisines have a tradition of turning humble ingredients—ground corn, bitter greens cured pork, the daily catch—into poetry on the plate. Yet leave it to Stitt to make Italian cuisine his own. "There's no Pompano in Venice but ours, fresh from Apalachicola, fits into the

Nieuwsbrief

Schubertstraat, Beethovenstraat en Burg. Gijzelstraat in Sittard

Maart 2017

zowonen

Het binnenonderhoud op maat

Het Binnenonderhoud op maat is in de Schubertstraat nagenoeg klaar. We zijn alweer de hoek om en bezig in de vierde woonblok van de Beethovenstraat. Binnenonderhoud op maat betekent dat we afhankelijk van wat nodig is de douche, keuken en/of toilet verbouwen. Dit is in elke woning anders. En we doen dit terwijl de bewoner er gewoon woont. We vragen dus nogal wat van de huurder. Maximaal 3 weken gedoe want verbouwen geeft toch de nodige overlast. Onze ervaring tot nu is dat door de positieve meewerkende houding van de bewoners BAM Wonen de kans krijgt om de werkzaamheden goed te laten verlopen. Dit geeft naast een mooi resultaat tevreden huurders op. En daar zijn we blij mee.

Het buitenonderhoud

De laatste woonblok in de Schubertstraat (nrs. 2 t/m 12 3) gaat eind maart in de steigers. Aan de andere kant, daar waar we zijn begonnen, zijn de steigers inmiddels weer weggehaald. Daar zie je hoe mooi het is geworden. Want ook de nieuwe balkons hangen daar nu. Er is daar veel gebeurd de afgelopen tijd. De balkons zijn afgezaagd, de voegen van het metselwerk uitgekapt en hersteld, de gevel gereinigd en geschilderd en het dak vernieuwd. Na het weghalen van de steigers wordt de buitenbeglazing gewreken. Vanaf 4 april beginnen we in dat blok met de werkzaamheden in de berging en in de algemene ruimtes en we maken de nieuwe entree. Uiteindelijk leveren we dit woongebouw eind april op. Na deze oplevering is er elke 2 weken weer een volgend woonblok klaar. Op het allerlaatst wordt het groen aangepakt.

Iedereen krijgt een vergoeding

Elke bewoner ontvangt (per woning) een overlastvergoeding van tenminste € 200,-. Dit bedrag wordt hoger als één de badkamer, keuken en/of toilet verbouwd worden. Het maximale bedrag is € 575. Na oplevering van het project stort ZoWonen het bedrag waar u recht op heeft op uw rekening. Openstaande vorderingen worden verrekend.

Een huisbezoek waar uitleg wordt gegeven

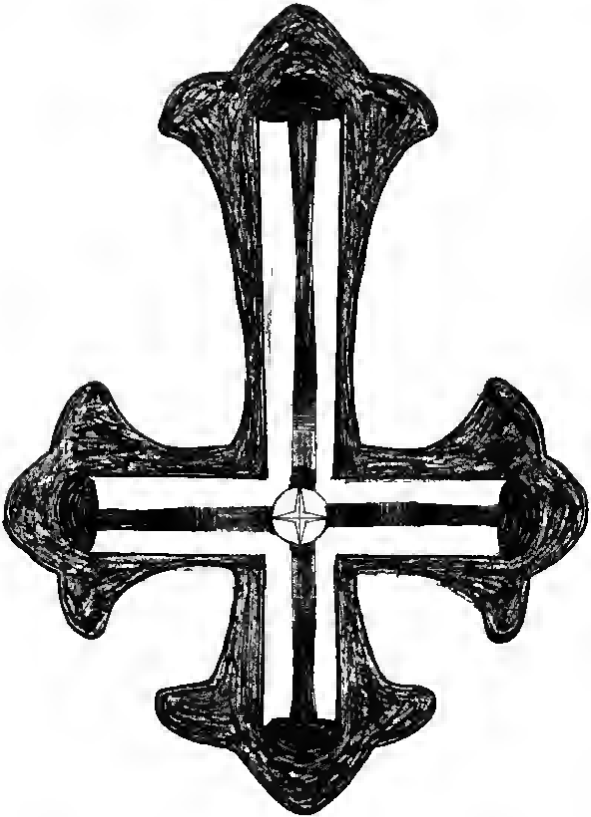

Bij de bewoners waar een verbouwing gepland staat gaan we eerst op huisbezoek. We leggen uit wat we gaan doen, wat dit betekent voor de bewoner, welke overlast het geeft en wat we doen om de bewoner te ontzorgen. Vragen worden beantwoord, afspraken gemaakt. Voordat we beginnen helpen we de bewoner met het verplaatsen van meubels en apparaten die in de weg staan en dekken de looproute af. Kan de bewoner tijdens het onderhoud niet thuis zijn, dan is het mogelijk te werken met een sleutelverklaring.

BAM doet ook de 64 woningen

U hebt vast al gezien dat BAM Wonen (W&R) ook bezig is in de Vestraadstraat en Vrangendael. Ook daar vindt een intensieve opknapbeurt plaats: zowel binnen als buiten. Hun bouwkeet staat op de hoogte van Vestradastraat 23. De uitvoerder is Joe van Stijnheut. Bij vragen over dat project kunt u bij hem terecht. Karin Hilverda zorgt ook daar voor de bewonersbegeleiding en communicatie.

Heeft u vragen of wilt u reageren? Mail naar de bouwkeet halverwege de Schubertstraat/hof bij 0495 – 5[illegible]

Option 1

Boot from your CD and follow the directions to start Recovery Console. If you cannot get into recovery console seek the advice of a professional.

Click here for some Data Recovery options

Then.

Fixboot

Option 2:

Boot from your CD and follow the directions below to start Recovery Console

Insert the Setup compact disc (CD) and restart the computer. If prompted, select any options required to boot from the CD.
When the text-based part of Setup begins, follow the prompts to choose the repair or recover option by pressing R.

If you have a dual-boot or multiple-boot system, choose the installation that you need to access from the Recovery Console.
When prompted, type the Administrator password. (If you didn't create one try pressing enter)

At the system prompt, type Recovery Console commands, type help for a list of commands, or help *commandname* for help on a specific command.

Most likely you will need to expand the file from the CD. The command would be expand d:\i386\hal.dl_ c:\windows\system32\hal.dll. Substitute d: for the drive letter of your CD. Once you have expanded the file type "exit" to exit the Recovery Console and restart the computer

TIP: Recovering Windows XP using the Recovery Console

Rigatoni with Beef & Eggplant Ragu

Eggplant gives the pasta sauce a rich meatiness that complements the ground beef. Plus the eggplant allows us to use a little less beef but still have a generous and hearty serving.

4 servings | **Active Time:** 25 minutes | **Total Time:** 35 minutes

Ingredients

- 8 ounces whole-wheat rigatoni, rotini or penne
- 8 ounces 92%-lean ground beef
- 4 cloves garlic, chopped
- 1/2 teaspoon fennel seed
- 3 cups diced eggplant, (about 1/2 medium)
- 2 teaspoons extra-virgin olive oil
- 2 8-ounce cans no-salt-added tomato sauce
- 1 cup red wine
- 1 tablespoon chopped fresh oregano, or 1 teaspoon dried
- 1/2 teaspoon salt
- 1/2 teaspoon freshly ground pepper
- 2 teaspoons pine nuts, toasted (see Tip)
- 1/2 cup crumbled feta, (optional)

Preparation

1. Bring a large pot of water to a boil. Cook pasta until tender, 8 to 10 minutes or according to package directions.
2. Meanwhile, cook beef, garlic and fennel seeds in a large nonstick skillet over medium heat until the beef is browned, about 3 minutes. Add eggplant and oil; cook, stirring occasionally, until the eggplant browns, about 5 minutes. Add tomato sauce and wine; cook, stirring occasionally, until the sauce thickens, about 10 minutes. Stir in oregano, salt and pepper.
3. Drain the pasta; serve topped with the sauce and sprinkled with pine nuts and feta, if using.

Nutrition

Per serving: 399 Calories; 7 g Fat; 1 g Sat; 3 g Mono; 30 mg Cholesterol; 57 g Carbohydrate; 22 g Protein; 11 g Fiber; 345 mg Sodium; 788 mg Potassium

Tips & Notes

- **Make Ahead Tip:** Prepare the sauce (Step 2), cover and refrigerate for up to 2 days.
- **Tip:** To toast pine nuts, cook in a small dry skillet over medium-low heat, stirring constantly, until fragrant and lightly browned, 2 to 4 minutes.

- Sending a message
- Communicating with a client (for example, notifying the client of new mail)

ercy rule (22-4) needed for Yanks

BY JAY COHEN

ORE — The Cleveland Indians ugh for Yankee Stadium's new yesterday, scoring 14 runs in sting of a 22-4 victory.

Cabrera hit a grand slam and in in the season as the Indians ripping starter Chien-Ming ost season homer that could while at New York's swanky

Rosa and Shin-Soo Choo each homers. Travis Hafner Grady ns Victor Martinez and solo sponsor Eric Wedge earned his y Jhonny Peralta and three

hits and two RBIs after missing Friday's 6-5 loss with a strained left elbow.

Mark Teixeira and Nelky Cabrera each hit a two-run homer for the Yankees, who have been embarrassed in two of their first three regular-season games at their new field. New York had 10-3 in its main opener Thursday when Cleveland scored nine runs in the seventh inning.

It was the most runs for the Indians since they beat New York 20-0 on Aug. 31 2004, at the old Yankee Stadium. The 26 runs also tied the Yankees' record for most allowed in a home game.

The 14 runs and 19 hits by the Indians in the second were the most allowed by the Yankees in an inning.

Choo delivered the first big blow in the second, hitting a three-run homer off Wang to give Cleveland a 3-2 lead. Asdrubal Cabrera singled to a run, DeRosa had a two-run double and Martinez drilled an RBI single before Wang was replaced by Anthony Claggett, who was making his major league debut after being recalled from Triple-A Scranton/Wilkes-Barre before the game.

Wang (0-3) was charged with eight runs and eight hits in 1⅔ innings, giving him a 34.50 ERA in three starts this year. He went 5-3 with a 3.26 ERA in six April starts last season.

Peralta doubled in two more runs after Wang left and Asdrubal Cabrera hit a drive to right on a 3-1 pitch for his first homer of the year. Shortstop Edwardo Cabrera's shot with his fourth homer to make it 14-2 as the crowd booed lustily.

The fans started chanting "We want Swisher!" for the second time in the series as Claggett struck out DeRosa for the final out. Yankees outfielder Nick Swisher pinched a scoreless inning during a blowout loss to Tampa Bay on Monday.

Wang and Claggett combined to throw 80 pitches during the half-inning, which lasted 37 minutes.

The "We want Swisher!" chant reharmed when Hafner hit his fourth homer of the season in the eighth.

Fausto Carmona (1-2) was the beneficiary of the Indians' big day at the plate, working six innings in his first victory of

OEM Instructions

Windows Server 2008 R2 OEM Preinstallation Kit

The Windows Server 2008 R2 OEM Preinstallation Kit (OPK) included in this package will help simplify the preinstallation process and provide options for OEMs to use in customizing their systems.

Benefits of using the OPK

- The same tools can be used to deploy Windows Server 2008, Windows Server 2008 SP2, Windows Server 2008 R2, Windows Vista, Windows Vista SP1, Windows Vista SP2, and Windows 7. **NOTE:** You must install the updated OPK Tools version included with the Windows Server 2008 R2 OPK.
- Helps save valuable time during preinstallation.
- Eliminates the need to answer setup questions one by one through the use of an answer file.
- Allows you to install and customize unattended installations using a custom configuration set.
- Enables many customization opportunities, including Microsoft® Internet Explorer® customizations, Start Menu links, and System Properties branding.
- Enables offline servicing of Windows facilities, OPKs, drivers, and language packs to a system with Windows Server 2008 R2 or Windows Vista already installed.

Installing the OPK

1. Insert the Windows Server 2008 R2 OPK DVD in the DVD-ROM drive of the Technician Computer. If AutoRun does not initialize, open **Windows Explorer** and click the files on the DVD-ROM drive and then double-click the **Start.cmd** file.
2. Windows Server 2008 R2 OPK installation requires .NET Framework and MSXML 6.0 (both included on the DVD).
3. Click on "**OPK Setup**" to perform the installation.

Important Notes

If you have a previously installed OPK Tools from any previous version of Windows, you will need to uninstall the previous version of the OPK Tools, and then install the Windows Server 2008 R2 OPK Tools.

- The Windows Deployment Services (WDS) component in the OPK/WAIK provides everything you need on the client side to carry out:
  - A full WDS deployment using the WDS client
  - A multicast deployment using our command-line multicast client WDSMCAST
- The corresponding server side pieces are in-box for Windows Server 2008 and Windows Server 2008 R2

Significant Teachings about Kindness

by Vitaly M. Pamachko

The gospel lesson, an elderly man had a fall that resulted in paralysis. But, fortunately, he had a good friend who spread him on a mat and lowered him to the ground through the roof. Many people were attracted to this event and became interested in the healing. After hearing what had occurred, the Lord made this observation: "When a person needs an individual act, we find it natural and no one disapproves of it. Here we have an old man needs the same kind-hearted act, people find it unobtrusive, tragic, and even distasteful." How we added this pleasing sentiment: "Why don't we truly recognize that kindness is always appropriate to all beings and at all times?"

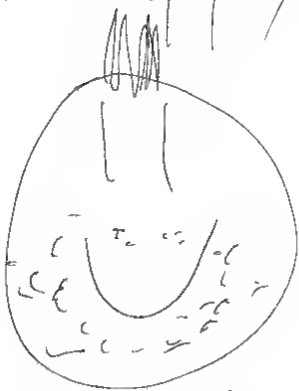

The same perspective may be what writer C.N. Sovereign meant when he said "Kindness is a language the deaf can hear and the blind can see." So the notion of kindness in daily life that the Greek writer and philosopher Aesop talks... The act of kindness, no matter how small, is ever wasted. Kindness is a foundational teaching of the Bible. The word has a much more than one hundred times in Scripture. Here are some significant things it teaches us about kindness:

Kindness before suffering. We all everyone has been in an awkward or embarrassing circumstance because a family member, friend or work colleague invades personal space without warning or permission. A simple example of knock rights is not being told. The Talmud, a rabbinical compilation of Jewish law and ethics specifically mentions "Do not enter your house suddenly."

The basis for this teaching comes from Genesis 3. After Adam and Eve had violated God's command by eating fruit from the forbidden tree. But

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here s how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-510-545-0990 (a number in Northern California.) When it s finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

NEW YEAR – NEW HABITS!

Begin the new year by deepening your walk with the Lord! In answer to you in your goal to draw nearer to God and "redeem the time" – we've compiled a collection of Bible study resources that may be helpful in accomplishing your new year's resolutions!

Set your affection on things above, not on things on the earth.
COLOSSIANS 3:2

DO WE start a new year each year without any personal study for our walk with God? Scripture warns in Eph. 4 Although there is a demand for all Christ's words, there is also a huge upside for the encouragement of believers who want to grow in their knowledge of the Word of God. Here are some resources that may assist you.

READ THROUGH THE BIBLE IN A YEAR

There are many plans and schedules on the Internet to encourage you to read through the Bible in a year. The answer is are not certain to start in Genesis and read for 15 minutes a day. Most readers will finish in less than six months.

Another option is to use a chronological Bible. We don't call a chronological Bible, but you can find one by reading select resources by searching for "chronological Bible schedule."

You can read through the Scriptures on almost any tablet phone or computer using Android, Kindle. You likely do most of your reading on a tablet or computer, but a useful site are when reading a Kindle book is that you can use it on your phone in spare moments and the Kindle will open to the same place. *Can't find your place? Call or text it.*

• LEARN HOW TO USE PODCASTS

Subscribing to podcast allows you to listen to free audio when you want and when you want on your phone, tablet, iPod or computer.

There is a huge variety of quality audio programs available by podcast. Most are updated weekly or more often. The podcast is connected to a device automatically and you can listen to it as time you see it.

Our weekly radio program Search the Scriptures 24/7 is available as a podcast, but is limited by the valuable (and free) resources of the radio shows, sermons, and Bible conference notes. Go to *thebereancall.org/help/podcasts* for more information.

• TRY A NEW DAILY DEVOTIONAL BOOK

One of the hidden gems in our resources is *Waxing or Godly* Andrew Murray. This little book presents 31 topics and would make that will encourage you to live devoted to the things of God. Word spreads by you. You can find other devotional type topics featured on pp. 14-15 of this newsletter or online at *thebereancall.org/store/Devotional*

• TRY A NEW APP FOR YOUR PHONE OR TABLET

There is a continual selection of apps that can help you better understand and memorize scripture. We've highlighted a few of the best apps of search online for specific and find one that's perfect for your needs.

Old Bessie

A farmer named Clyde had a car accident

In court, the trucking company's fancy lawyer was questioning Clyde.

"Didn't you say, at the scene of the accident, "I'm fine," asked the lawyer.

Clyde responded, "Well, I'll tell you what happened. I had just loaded my favorite mule, Bessie, into the..."

"I didn't ask for any details", the lawyer interrupted." "Just answer the question. Did you not say, at the scene of the accident, 'I'm fine!' "?

Clyde said, "Well, I had just got Bessie into the trailer and I was driving down the road..."

The lawyer interrupted again and said, "Judge, I am trying to establish the fact that, at the scene of the accident, this man told the Highway Patrolman on the scene that he was just fine. Now several weeks after the accident he is trying to sue my client. I believe he is a fraud! Please tell him to simply answer the question."

By this time, the Judge was fairly interested in Clyde's answer and said to the lawyer, "I'd like to hear what he has to say about his favorite mule, Bessie."

Clyde thanked the Judge and proceeded, "Well as I was saying, I had just loaded Bessie, my favorite mule, into the trailer and was driving her down the highway when this huge semi truck and trailer ran the stop sign and smacked my truck right in the side. I was thrown into one ditch and Bessie was thrown into the other. I was hurting, real bad and didn't want to move. However, I could hear old Bessie moanin and groanin. I knew she was in terrible shape just by her groans.

"Shortly after the accident, a Highway Patrolman came on the scene. He could hear Bessie moanin and groanin so he went over to her. After he looked at her, he took out his gun and shot her between the eyes. Then the Patrolman came across the road, gun in hand, looked at me, and said, 'How are you feeling?'

"Now what the hell would you say?!

How Cao I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here s how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States) When it s finished transmitting point your web browser to Fax Toy — it s a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

HPCC_Desktops,Notebooks,Workstations,and Thinclients Service Qualification (Release 5.0 / 2015) 510010_ENWW1.52

Overview

The Web-based training (WBT) course you will need to take "Servicing HP Commercial Desktops, Workstations, and Thinclients for Onsite Technicians" has been updated to include new HP products, technology, as well as service procedures since the last recertification course in March 2013.

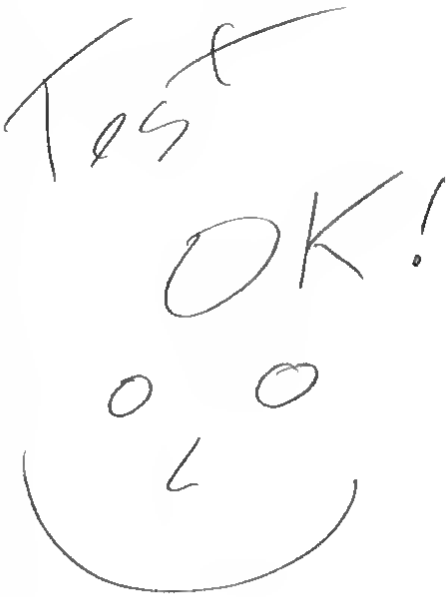

To earn the new qualification, students must successfully complete the Web-Based Training (WBT) course that includes an embedded exam. The Refresher WBT is on The Learning Center and is free of charge.

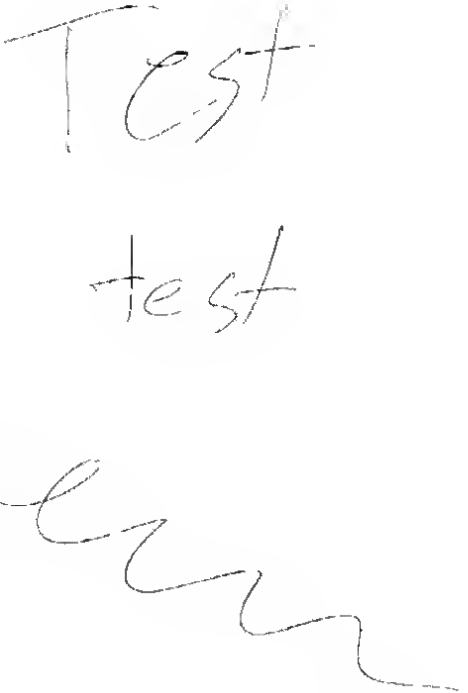

Existing technicians holding the HP Commercial Desktops, Workstations and Notebooks Service Qualification (Release 2.0 / 2013) "SQW013" can review what's New? online in the course to identify the new or updated information and take the shortened exam at the end of the course to receive the Service Qualification.
Note that the exam will include some questions from the previous release and many new questions, but the passing score has not changed and remains at 80%. Successful completion of the course and exam will now provide a certificate indicating successful achievement of the Service Qualification.

As a reminder, the respective "Desktops, Workstations and Notebooks (2013)" qualification is not accepted for the new qualification. APS Certification and Proactive Incident testing are NOT required.
Service Qualification is the credentialing required for HP ServiceOne and other authorized service providers. The qualification training is specific to the skills and knowledge necessary for HP authorized service providers

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,
the power, and the glory,
for ever and ever]
Amen

But true to his mischievous nature, the angel, brings into Benard's life, not 1, but 2 Elizabeths, each with the same birthday and adopted from the same orphanage. Financial Planning

Dan was a single guy living at home with his father and working in the family business.

When he found out he was going to inherit a fortune when his sickly father died, he decided he needed a wife with whom to share his fortune.

One evening at an investment seminar, he spotted the most beautiful woman he had ever seen. Her natural beauty took his breath away.

"I may look like just an ordinary man," Dan said to her, "but in just a few years my father will die and I'll inherit $200 million."

Impressed, the woman obtained his business card ... and three days later she became his stepmother.

Women are so much better at financial planning than men.

Brueli Heppiness in the Perspective of Philosophy

1

Quote from Stendhal "These reasonings had a certain justice but how far Fabrice had fallen from that height of sublime happiness where he had thought he had been transported one hour before The thought of privilege had withered that ever-so-delicate plant which they name happiness" (my translation)

3

NE 1.12 1101b35-1102a4 "every one of us does everything else for the sake of this, and we set down the source and cause of good things as something honored and divine "

Cf 1 7 1097a34-b5 happiness seems most of all to be complete chosen only for its own sake Honor, pleasure, intelligence, and every virtue is chosen on account of themselves, but also for the sake of happiness, "supposing that we will be happy by these means"

Laws 662c5-663a2: asking, by Zeus and Apollo, the gods whether the just life is most pleasant or whether justice and pleasure are two ways of life and justice is the happier He would put this into the mouths of fathers and lawgivers, rather than gods, the Stranger says If justice is happiness, everyone would ask what just and noble thing, superior to pleasure, the law was praising What good accrues to the just man?

NE 1.1 1094a1-3 first sentence of book.

NE 1 2 1094a18-22 desire would be empty and pointless if it was not directed toward some one thing that we want on account of itself

NE 1 4 1095a14-20 every kind of knowing and choice aims at some good; what does politics aim at? The majority and the refined agree it is happiness, living well and doing well

NE 1 7 1097b14-16. the self-sufficient is what makes life choiceworthy and lacking in nothing, and this we suppose happiness to be

NE 1.7 1097b16-20: not a sum that can be added to

NE 1 7 1097b20-21 quoted in text.

-CASEY

IdentitySweep 360 scans billions of data records for suspicious activity associated with your name, SSN and address. And if someone tries to open an account with one of our enterprise partners, we will alert you while immediately and help you stop the thief before any real harm is done.

IdentitySweep 360 is constantly scanning hundreds of chat rooms, websites and search engines looking for your personal and financial information and instantly notifies you by email of any suspicious activity. IdentitySweep 360 also scans public directories and requests removal of your information to prevent abuse by telemarketers and identity thieves. You will receive less junk mail and receive fewer unwanted phone calls.

IdentitySweep 360 tracks your most important personal financial information

When you update your account, you'll be asked what information you want IdentitySweep 360 to track. You can have IdentitySweep 360 track:

- ✔ Your Social Security number
- ✔ Your credit and debit cards
- ✔ Your email addresses
- ✔ Your physical addresses & telephone numbers

You instantly get alerted when your personal information is being used by someone else

Identity Sweep provides email alerts of any manipulation to your name or Social Security number. If your credit card numbers are being bought or sold on the black market, we alerts you BEFORE anyone else has a chance to charge items to them or wipe out your bank account. Credit reporting bureaus, and credit monitoring services do not offer this service. Only IdentitySweep 360 offers you this high security protection.

And if your identity is ever compromised, you'll get help restoring it in the shortest time, because IdentitySweep 360 comes with a butler.

You even get your own Personal ID Recovery Butler

Did you know that over 10 million people every year are victims of identity theft? On average, victims of identity theft spend more than $6,000 and 600 hours trying to repair the damage. It's been shown that the emotional trauma of having our identity stolen equals that of a violent crime victim.

Hotmail

From Wikipedia, the free encyclopedia

Hotmail (official), **Microsoft Hotmail**, previously **Windows Live Hotmail** and **MSN Hotmail**) was a free web-based email service operated by Microsoft as part of Windows Live which was recently replaced by the newer Outlook.com service by Microsoft. Hotmail was one of the first web-based email services.[3] It was founded by Sabeer Bhatia and Jack Smith and launched in July 1996 as "HoTMail".[4] It was acquired by Microsoft in 1997 for an estimated $400 million, and shortly after it was rebranded as "MSN Hotmail". The current version was released in 2011.[5]

Hotmail features unlimited storage, Ajax, and integration with Microsoft's instant messaging (Windows Live Messenger), calendar (Hotmail Calendar), file hosting service (SkyDrive), and contacts platform.[6] As of 2012, Hotmail was the world's second largest web-based email service after Gmail with 360 million users.[1][7] It is available in 36 different languages.[8][9]

Hotmail is developed from Mountain View, California. When Hotmail Corporation was an independent company, it was headquartered in Sunnyvale.[10][11]

On 18 February 2013, Outlook.com (a newer webmail service by Microsoft)[12] deprecated Hotmail.[13] Existing Hotmail customers are scheduled to be upgraded to Outlook.com during 2013.[13]

Marius Bonnet
by Anne Bouet (beigecannelle)
translated by William Priest (coeurdechoeur)
(size 3-6 months)

Begin with **the back of the head**, which is knit in the round on DPNs or a circular needle (using the magic loop technique). The star-spiral is formed by the increases.

CO 6 sts and knit in the round as follows:
Rnd 1: *K1, YO1* repeat to the end of the round, i.e. 6 times (12 sts total)
Rnd 2 (and every even rnd): K all sts
Rnd 3: *K1, YO1, K1* repeat (18 sts total)
Rnd 5: *K1, YO1, K2* repeat (24 sts)
etc. — continue increasing 1 st 6 times in each odd rnd until you have a disc around 11/12 cm across (*I got 96 sts on my needles*)

The **top and sides** are formed by a rectangular band of lace, knit back and forth. Put about 5 cm of sts on a stitch holder (a bit less than one of the six sides of the back of the head), in order to have a number of sts (multiple of 7) +2. (*I put 10 sts on the holder in order to have 12 repeats of the lace pattern.*)

Row 1: P2, *YO1, SKP1, K1, K2tog, YO1, P2* Repeat to the end of the row.
Row 2: K2, *P5, K2*
Row 3: P2, *K1, YO1, Sl2 tog, K1, P2SSO, K1, P2*
Row 4: like row 2
Repeat these 4 rows for about 8 cm. (*I have a total of 11x4=44 rows of lace*)
Finish with a K1P1 rib border about 1.5 cm (*I only did 4 rows*) and BO

To finish, pick up stitches along one short side of the lace band (2 sts every 3 rows), pick back up the sts left on the stitch holder at the back of the cap, and pick up stitches along the other short side of the lace band to match. Then CO extra sts to make a small strap (to hold the bonnet under the neck), about 11 cm long (*I got 34+10+34+34=112 sts.*)

Knit a K1P1 rib border over the same number of rows as above and BO. (*On the 3rd row, I included 4 small buttonholes by doing making YO1, K2tog in place of the 4th and 5th rib stitches, and then the 8th and 9th — in case my strap were too long*)

Make a small buttonhole (e.g. crocheted buttonhole) at the end of the strap (*or keep a short bit of yarn to make one when the strap becomes too short*), and sew a small **button** on the other side of the bottom of the bonnet

If you file your tax return electronically, you can receive a refund check directly from the IRS through the U.S. Postal Service in as little as 21 to 28 days from the time you file your tax return or the IRS can deposit your refund directly into your bank account in less than 21 days from the time you file your tax return unless there are delays by the IRS. If you file a paper return through the U.S. Postal Service, you can receive a check directly from the IRS through the U.S. Postal Service in 6 to 8 weeks from the time the IRS receives your return or the IRS can deposit your refund directly into your bank account in 6 to 8 weeks from the time the IRS receives your return. If your tax return is electronically filed by a professional, you may have to pay certain fees related to electronic filing such as transmitter fees and electronic filing fees in addition to the fee charged by your tax preparer for preparing your taxes.

You can file your tax return electronically, select a Refund Transfer ("RT") for an additional fee, and have your income tax refund processed through a bank and processor. An RT allows your refund to be deposited into a bank account at Civista Bank ("BANK") and deducts your tax preparation and other fees you authorize from your refund. The balance is delivered to you via the disbursement method you select. If you file your tax return electronically and select an RT, the IRS will deposit your refund with BANK. Upon receipt of your refund, Servicer and BANK will deduct and pay from your refund any fees charged by your tax preparer for the preparation and filing of your tax return and any other amounts authorized by you and disburse the balance of your refund proceeds to you. Unless there are delays by the IRS, refunds are received in less than 21 days from the time you file your tax return. A processing fee of $35 is charged in process your federal refund (and an additional $10 to process your state refund). **An RT is not necessary to obtain your refund. If you have an existing bank account you can use to receive your refund directly from the IRS, you should seriously consider not obtaining an RT and having the refund sent to that bank account so you can avoid incurring the RT processing fee.**

If you select an RT, no prior debt you may owe to BANK will be deducted from your refund. You can change your income tax withholdings which might result in you receiving additional funds throughout the year rather than waiting to receive these funds potentially in an income tax refund next year. Please consult your employer for additional details.

Information regarding low cost deposit accounts may be available at www.mymoney.gov. You may consult the IRS website (irs.gov) or the applicable state authority for information about tax refund processing.

Senior/Special Exemption Information

A copy of the prior tax year's Federal 1040 and the Georgia 500 tax return must accompany your application for the senior/special exemption. For example if you are applying for a 2012 special exemption, we require your 2011 tax returns. If you are not required to file federal and state income tax returns a copy of income information from the Social Security Administration financial institutions or your pension plan must accompany your application. If you are applying for a disability exemption, you must provide a signed letter from a doctor stating you are 100% permanently disabled. Your application cannot be processed without this information

It is the duty of the owner to notify the Office of the Tax Commissioner in the event he/she becomes ineligible for an exemption

You do not need to come into our office to apply. For your convenience the Homestead Exemption process can be handled through the mail. You may apply in person at 75 Langley Drive in Lawrenceville or mail your application to P.O. Box 372 Lawrenceville, GA 30046. When mailing your application we recommend that you use certified mail postmarked by the U.S. Postal Service by April 1. Metered dates will not be accepted as timely

For more detailed information or assistance, please contact our customer service representatives at tax@gwinnettcounty.com or 770-822-8800 Monday through Friday 8:00 AM - 5:00 PM. Please have your account number and/or property location available when calling

The Fund Office will notify you in writing:

1. when Part 1 of the Pension Application is complete,
2. if you are not eligible for a pension benefit, or
3. if additional items are needed to complete Part 1 of the Pension Application. If you do not provide the additional requested items within 60 days of the date of the Fund's request, your application will expire and you will need to begin the application process again by completing and returning a new Preliminary Information form.

Part 2: The Choice of Benefit Payment Option form

After the Fund Office has received your complete Preliminary Information form, including all required documents, the Fund Office will begin the work necessary to send you Part 2 of the Pension Application. Part 2 consists of:

- a "Choose a Benefit Payment Option" form for you to choose how your pension benefit will be paid;
- an explanation of the benefit payment options;
- an explanation of your Spouse's rights with respect to the available benefit payment options and the financial effect of waiving the normal form of benefit payment; and
- your earliest Pension Effective Date.

You must return a fully completed Part 2 of the Pension Application (Choice of Benefit Payment Option form and spousal consent form, if required) before your actual Pension Effective Date can be determined.

Your Pension Effective Date

Your Pension Effective Date is the first day of the first month for which you receive a pension benefit.

- Your earliest Pension Effective Date is the first day of the first month following the month in which the Fund Office receives from you a complete Part 2 of the Pension Application (Choice of Benefit Payment Option form and spousal consent form, if required) if these forms are received at the Fund Office *on or before the 15th day of the month*. If the items are received at the Fund Office *after the 15th day of the month*, your Pension Effective Date is the first day of the second month following the Fund Office's receipt of your forms.
- You may choose a later Pension Effective Date.
- Your Pension Effective Date will not change if there is an administrative delay in processing your benefits. In that case, you will receive benefits retroactive to your Pension Effective Date.

If your Pension Effective Date would be more than 180 days after you were provided with Part 2 of the Pension Application, then your application will expire and you will need to begin the application process again by completing and returning a new Part 1 of the Pension Application.

Isambard (1806–59) was a civil engineer and inventor. He was born in Portsmouth, England to the Brunel family, who were of French origin. He is known for his designs for bridges, railways, ships and docks. Brunel was employed as an engineer by the Great Western Railway, for which he designed the line between London and Bristol, the Clifton Suspension Bridge and a series of famous steamships. His designs were innovative and pushed the boundaries of what was technologically possible. He was also responsible for the railway system's broad gauge, which was later abandoned because of incompatibility with other railways. Brunel's achievements made him famous in his lifetime and he remains well known for his contributions to engineering and industrial archaeology. Read more...

Subsequently
= Loading dose (Cpss) Vd(0.07) (day)
(Cpss)(Vd) = 94.5 mg

(Cpss)(Vd) is the amount in the body at steady state so the Loading Dose is 94.5 mg

Q5. Data for metoprolol (Lopressor®): Oral availability 38%; Clearance 65 L/hr/70 kg; Vd 280 L/70 kg; $t_{1/2}$ 3.2 hr. Target concentration 25 ng/mL. Calculate a maintenance dosing rate

Ans. (CL) = (Cpss)(CL)
0.38(DT) = (25 ng/mL)(65 L/hr/70 kg)
70(kg) mL/L/1 kg/(1000 mg)
(DT) = (4145 µg/hr/70 kg)(1 mg/1000 µg)

For a 70 kg pt on (DT) = 4.1 mg/hr or 100 mg/day. On a reasonable prescription would be 50 mg tablet 2 times a day (take with the morning and evening meal)

Q5. Patient NH has been hospitalized with a cardiac arrhythmia that has been treated satisfactorily via oral therapy. Half-life of 20 mg/hr of drug X ($t_{1/2}$ = 5 hr). Kidney problems unrelated to the cardiac problem suddenly change the $t_{1/2}$ to 10 hr. If the patient continues to receive 20 mg/hr of X, what will happen to the steady state blood level?

Ans. It will double
(DT) = (Css)(Vd)(0.7$t_{1/2}$)
Css = (DT) (bad)(Vd)(0.7)
$t_{1/2}$ increases by 2x, then Css must increase by 2x since everything else is constant.

Q6. If the therapeutic or only toxic level of drug X is the one used in Q5, at what level does toxicity become evident at a level of 150 ng/ml. how long from the time of the change in renal function will it take for the signs of toxicity to be manifested?

Ans. 10 hr (one half-life)
The steady state level will rise from 100 to 200 ng/ml. It is given above. The approach to the new steady state level is control by the new $t_{1/2}$ value. In one half-life we go half of the distance from the starting point (100) toward the new steady state level of 200. So in one half-life the level is 150 ng/ml where the signs of toxicity become evident.

Q7. Continuing from Q6, what is the level after two half-lives.

Ans. In the second half-life we go half of the remaining distance from the new starting value of 150 toward 200. Thus the level after 2 x $t_{1/2}$ = 175 µg/ml

Q8. In the patient above, suppose that by the time that the lowering physician figured out that the dose had doubled the plasma level was at 200 µg/ml. How do we treat the patient to get the plasma level back to 100 µg/ml and then maintain the correct steady state level?

Ans. First, stop administering the drug. Wait one half-life of 10 hours, first order kinetics tells us that the plasma level will decrease 50% from the 200 µg/ml level to 100 µg/ml which is the final goal. To maintain this level we must decrease the input rate from the original 20 mg/hr to 10 mg/hr to compensate for the doubling of the half-life in the patient (assuming the kidney problem is still present).

The Real Facts About Vitamin E and Prostate Cancer

Posted 11 1:20 Share

Does taking [illegible] increase your risk of prostate cancer? If you have seen the new study published in the Journal of the American Medical Association, JAMA, about the recently [illegible] you may be confused. There are some important things you should know about this study and about vitamin E, before you throw away your [illegible] The facts about vitamin E are:

- There are eight forms of vitamin E (see below). They are not all the same and evidence to date has shown some forms can help while others may [illegible]

- The SELECT study used only one form of vitamin E – alpha-tocopherol – which in animals dosed years before the SELECT trial even began to be ineffective at preventing prostate cancer unless it was used along with another form of vitamin E gamma-tocopherol.

- The gamma tocopherol form of vitamin E was shown to be effective at reducing the risk of prostate cancer by researchers at Johns Hopkins School of Public Health before the SELECT trial began.

- Research from ISOF has shown that alpha-tocopherol acts both at gamma-tocopherol which is the form of vitamin E that offers more protection against [illegible]

- Limited studies of the tocotrienol forms of vitamin E have indicated they may also offer some protection against prostate cancer.

Therefore, to state that vitamin E increases the risk of prostate cancer without explaining the limitations of the study – including the fact that SELECT used only one form of vitamin E – is a misrepresentation of what studies have and research we have discovered about vitamin E and prostate cancer to date.

Hello World

Winprint HylaFAX

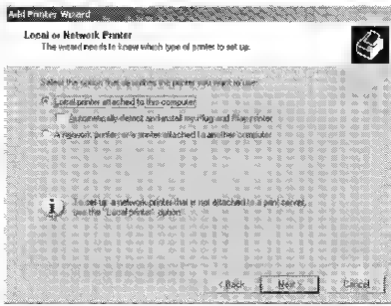

SOURCEFORGE.NET

Installation instructions

Winprint HylaFAX is a Windows print monitor designed to send its output directly to a HylaFAX Server. Once installed, you can print to a HylaFAX Server from any application, and it will pop up a simple dialog box allowing you to enter the destination FAX number. It is not intended to be fancy - an all encompassing, just a quick and easy way to send FAXes from any Windows application.

It can be downloaded here. To get to the sourceforge pages for this software to comment, report bugs, or get source code, click here.

It is packaged in the form of a Windows Installer, which installs the required set of DLL files and registers the monitor with the system. This adds support for a new type of port to your system, called a "Winprint HylaFAX Port". Once you've successfully installed the files, setup is straightforward, but it has a number of steps. First, you'll want to create an appropriate PostScript printer using the 'Add Printer' button. You want to select a "Local printer", but since it's not a physical printer, uncheck the "Automatically detect and install my Plug and Play printer" box.

Add Printer Wizard
Local or Network Printer
The wizard needs to know which type of printer to set up.
Select the option that describes the printer you want to use:
Local printer attached to this computer
Automatically detect and install my Plug and Play printer
A network printer, or a printer attached to another computer
To set up a network printer that is not attached to a print server, use the "Local printer" option.
< Back
Next >
Cancel

Next, you'll be asked what port to use. Select the radio button "create a new port type." If the installation went well, you should see "Winprint HylaFax" as one of the options. The drop-list might scroll, so it may not be obvious that it's at the bottom of the list. (If it doesn't appear on the list at all, something went wrong with your installation.)

How to use keyboard-layout-editor.com

Getting Started

- Try out the one of the preset layouts from the dropdown at the top of the page. This will give you a good look at the editor's basic tools.
- Select a key in the editor by clicking on it or dragging the rectangle that encompasses it. The property editor will appear.
- You can select multiple keys by holding down Ctrl and clicking on the keys you'd like to multi-select. Deselect by Ctrl-clicking on an item. You can also drag a rectangle around the keys you want to select.
- Try the keyboard. Typing should highlight the keys. They make more sense this way when you're editing.
- You can save your keyboard to the server by clicking the Save button in the top bar.
- You can save your keyboard by bookmarking the URL in your browser (at the top of the page) in your bookmarks.

Adobe Acrobat PDF Files

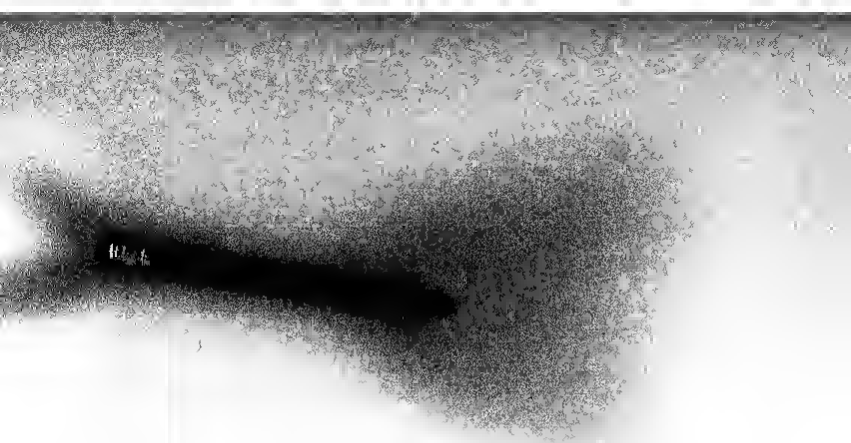

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

#2. Walkthrough - [GUIDE] =

Please note that unlike some guides I do not elaborate on every single place of the course. I just help out where I think the player might need some help.

Overviews are taken from the Instruction Booklet, but other overviews are my own descriptions of the stage.

3. Grand Prix - [GRAND] =

In Grand Prix mode, you select Cups to race in. Most standard Cups consist of four different courses that flow in with the Cup theme. You must race on these courses. Eight different characters must race for top honours by aiming for the highest total points. Although coming second or third overall isn't bad, you aren't going to advance in the game (ie. unlock anything) by consistently coming second best. In other words, winning is all that matters. Use any means to ensure victory, whether using items, driving techniques or whatever tactics you can cook up yourself.

There are three Cups you can select to start off with. As you progress, more options will be available. The terms 50cc, 100cc and 150cc refer to difficulty. As the 'cc' increases, the difficulty increases substantially as well. As you progress through the game, more modes will become available and at those points this walkthrough will inform you of various differences between the normal and what will be new to you.

Driver Points

Drivers receive points depending on where they finish races. After racing four courses, their total points determine where they place.

1st = 10 points
2nd = 08 points
3rd = 06 points
4th = 04 points
5th = 03 points
6th = 02 points
7th = 01 points
8th = 00 points

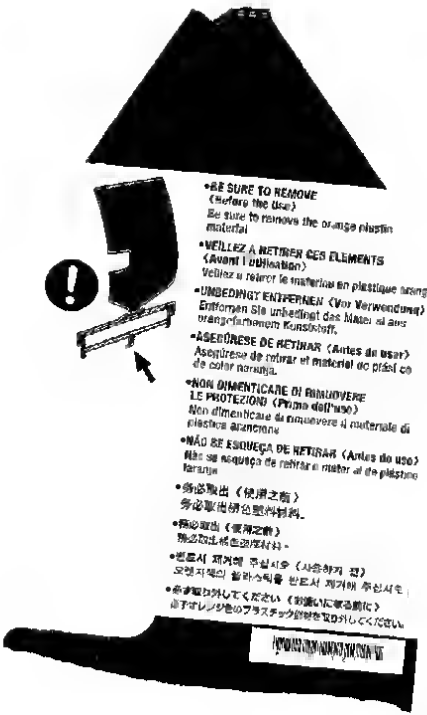

Trophies

Players will take part in an awards ceremony if their combined score after four races places them in the top three. The first-place finisher wins a gold trophy, the second place wins silver, and the third wins bronze. After each award ceremony, players will have the chance to enter their names if new records are set. Trophy data will be saved after name entry is completed.

a. Mushroom Cup - [MSHRM] =

'Comparitively easy. Great for beginners.'

The Mushroom Cup features some pretty basic courses, to get the player somewhat accustomed to the controls and basic techniques involved in the game. The difficulty curve climbs a little towards Dry Dry Desert, but overall it should be expected of a Mario Kart game. Keep an eye out for a few traps here and there and make sure you understand EVERYTHING there is to mastering the

Greetings!

Thank you for considering a donation to this year's *National Qualifiers of the Flathead High Speech & Debate Team*. We are happy that you will consider supporting our team again this year. Your support from our community has been wonderful and greatly appreciated. The team can only afford to attend this national tournament if many outstanding community-minded individuals and businesses continue to support our students.

This year, 14 of our High qualified nine competitors to compete at the National Speech & Debate Association Tournament in Dallas, Texas, June 19th – 26th. Juniors Parker Krantz and Wyatt Dykhuizen are returning for a remarkable third time in Duo Interpretation as is senior Wyatt McMillen in Extemp. Making their second trips to nationals are senior Liz Cornell in Extemp, junior Malia Fleming in Oratory, and both sophomore Scarlett Abercrombie in LD Debate. Additionally, senior Alisha Mouland qualified in LD debate, along with Juniors Kenna Ward in Extemp and Liz Brown in Congress. These students have consistently proven their work ethics and ability. Now they have the opportunity to represent Montana at a national level.

We are in need of your financial assistance. We estimate the cost of the trip to be nearly $18,000. Any contribution would be greatly accepted. The team will display all donors on the team poles and will include their names of every donor on our tee shirt travel attire. **The parent group's tax ID number is 80-0301845**

Re: Apprentice Electrician positions with xxxxxxxxxxxx

May 22, 11

Dear HR Representative

My name is xxxxxxxxxxxxxx and I am hoping that xxxxxxxxxxxxx may be seeking a qualified Electician's Apprentice. I have recently graduated from the Electrician ELT Certificate Program at xxxxxxxxxxxx. In addition my instructor has informed me that I will be the recipient of this year's "Top Student Award."

My qualifications for working with xxxxxxxxxxxxx are outlined below and on the attached resume. During my time at xxxxxxxxxx I have learned a great deal about

- safe work practices: Confined Spaces, Fall Arrest
- WHIMS and H2S
- lockout procedures
- Cella-V & Foxboro Process Automation Systems
- AC motor controls and variable frequency drives
- electrical prints and drawings
- cutting, threading, bending, and installing conduits
- meters and testing equipment
- the fundamentals of electricity
- electrical code & wiring
- DC circuits
- low voltage distribution systems
- electromagnetism and its applications
- grounding installations
- electrical mathematics
- hand and power tool use

I should also mention that I have recently completed two weeks of safety training and work experience as an Industrial Electrician's Aid plant at xxxxxxxxxxxxx pulp mill in xxxxxxxxxxxx and I quite enjoyed the learning opportunities it presented.

Meeting with you to discuss Apprentice openings would be greatly appreciated. Thank you for considering my application.

Sincerely

The authorities for collecting the requested information from and about you are 484 et seq. and 1071 et seq. of the Higher Education Act of 1965, as amended (20 U.S.C. 1071 et seq. and 20 U.S.C. 1078 et seq.) and the authorities for collecting and using your Social Security Number (SSN) are §§ 428B(f) and 484(a)(4) of the HEA (20 U.S.C. 1078-2(f) and 1091(a)(4)) and 31 U.S.C. 7701(b). Participating in the Federal Family Education Loan (FFEL) Program and the William D. Ford Federal Direct Loan (Direct Loan) Program and giving us your SSN are voluntary, but you must provide the requested information, including your SSN, to participate.

The principal purposes for us using the information on this form, including your SSN, are to verify your identity, to determine your eligibility to receive a loan or a benefit on a loan (such as a deferment or forbearance), disclose you as the borrower (or student on whose behalf a parent is borrowing) under the FFEL and/or Direct Loan Programs, to permit the servicing of your loan(s), and, if it becomes necessary, to locate you and to collect and report on your loan(s). If your loan(s) becomes delinquent or defaults, we also use your SSN as an account identifier and to permit you to access your account information electronically.

The information in your file may be disclosed on a case-by-case basis or under a computer matching program to other agencies or authorized parties in accordance with routine uses in the appropriate systems of records notices. The routine uses of this loan collection include, but are not limited to, its disclosure to federal, state, or local agencies, to private parties such as relatives, present or former employers, business and personal associates, to consumer reporting agencies to which we report loan delinquency and default, as applicable under the Debt Collection Act of 1982, and to agencies, educational institutions, and organizations with which we have agreements to administer any of our programs. If you receive a Federal student aid, we may disclose information about that aid and your loans to the Department of Education's central processing system and to federal and state agencies, educational institutions, or their authorized contractors for purposes of determining your eligibility for aid, conducting research, or evaluating programs sponsored by the Department of Education and its contractors and agents. If you default on a loan, information about the default may be added to your records maintained by the Department of Education's system of records and may be disclosed to other agencies and institutions that participate in Federal student aid programs. If you receive a Federal student aid, information about your loans may be transferred to the Department of Education or to a contractor acting on its behalf for collection. Information may be disclosed to the Department of Justice, a court, an adjudicative body, counsel, party, or witness if the disclosure is relevant and necessary to the litigation. If this information, either alone or with other information, indicates a potential violation of law, we may send it to the appropriate authority for action. We may send information to members of Congress if you ask them to help you with federal student aid questions. In circumstances involving employment and compliance, grievances, or disciplinary actions, we may disclose relevant records to adjudicators, investigators, or witnesses. If provided for by a collective bargaining agreement, we may disclose records to a labor organization recognized under 5 U.S.C. Chapter 71. Disclosures may be made to our contractors for the purpose of performing any programmatic function that requires disclosure of records. Before making any such disclosure, we will require the contractor to maintain Privacy Act safeguards. Disclosures may also be made to qualified researchers under Privacy Act regulations.

TEST

In the book, *The Stranger* by Albert Camus, Existentialism plays an important role The is an interesting character Meursault leads a very uninteresting, emotionless and somewhat boring life After quickly
he kills a man, he is swamped with labels The people of the court say he is "guilty of murder" and that he committed the crime in "extenuating circumstances" (106) The judges never stop to judges
thank that there might be more the Meursault than meets the eye The judge is completely set on the fact that Meursault is a heartless man who never shed a single tear when his mother died and who went swimming with a girl the day after the funeral He is stuck on the opinion that they remain
Meursault went with the gun intending to kill the Arab because the situation made it look like to meet the Arab
that was the case When the court labels him in this horrible way Meursault tries to think of how to explain what really happened, but he really has nothing to say The evidence is so strong against him that even though he knows there is more to the story, he has no way to justify the murder It is not until the end of the book that he realizes why he was not able to justify the crime. The reason is Existentialism. The Chaplain comes to talk things through with him, and Meursault repeatedly mentions how he does not believe in God After the Chaplain leaves Meursault begins to realize the component of Existentialism in his life. He is completely responsible for all his actions, even if there are reasons behind it Meursault chose a certain path, and as a result every action he takes, he is completely responsible for He realizes this a few hours before he is intended to die. Existentialism plays an important role in the novel, and the lessons learned by the main character show how much his life situation relates to this philosophy

Sons of Anarchy

STARRING Charlie Hunnam, Ron Perlman

After the wild ride of season 4, which ended with Clay (Ron Perlman) in a hospital bed and Jax (Charlie Hunnam) reclaiming Nero as president of the arms-dealing, cocaine-selling motorcycle club, season 5 will feel less like a runaway train. "There's a method to the madness this season that is being orchestrated by Jax," says creator Kurt Sutter. The premiere will introduce two new characters. Neri Tadilla (Jimmy Smits), an OG gang lawyer with an old strategy business card, is a mentor for Jax. "His whole thing is making enough money to pull out that black one and get out," Sutter says. ... n the flip side is Damon Pope (Harold Perrineau), a gangster who is the father of the young woman killed in Tig's (Kim Coates) misplaced retaliation for Clay's shooting. He too becomes an example for Jax. "He's a guy who has turned his drug dynasty into a legitimate business and has given back to his community and become this savior to the hood," Sutter says. "He has balances and hypocrisy and has utilized the outlaw life as his advantage. So yes, I love these conflicting visions, the sort of good-but-bad-but-dynamic that happens over the course of the season." (FX) **SEPT 2012** —AMANDI BARELY

ARROW

Stephen Amell, Katie Cassidy

NOT A SPIN-OFF for the Green Arrow seen on *Smallville* And while this *Arrow* may be based on that same legendary comic-book character with extraordinary skills, the team behind this edgy CW adaptation insists it's not really about a superhero at all. "It's a show about not a hero," says exec producer Marc Guggenheim. "We tend to write it more like a crime thriller than a live-action comic book." The series stars Stephen Amell as Oliver Queen, a playboy who [illegible] vigilante after getting shipwrecked on an island for five years. Although much of the show focuses on the vendetta Queen takes up when he returns home to his struggling city, nexec producer Andrew Kreisberg says that viewers will also get to see what occurred on the island. "Every week is sort of its own origin story," he says. "We're seeing both the here and how he got to be that way." And though fans of the franchise may know Tommy Merlyn (Colin Donnell) as Green Arrow's nemesis, they're portrayed here as partying pals who just happen to like the same girl (Katie Cassidy). Well, make that pals for now, at least. (THE CW) **OCT 10, 2012** —HUGH HAD FREEN

Social Security Information Sheet

Advantages of Receiving Social Security Disability Benefits

Increased Social Security Retirement Benefits

During any month you receive Social Security Disability benefits, your Social Security Retirement Benefits are protected against inflation. As a result, by your Social Security Retirement Benefits will be higher at your Normal Retirement Age than they would have been if you had not received Social Security Disability benefits.

Increased Disability Benefits

Your LTD policy may contain a provision called a Cost of Living (COLA) Freeze. This means that any COLA increases Social Security authorizes will not be deducted from your LTD benefit. The entire amount of your LTD benefit plus other disability will increase each year due to the Social Security COLA.

Additionally, if your policy contains a Minimum Benefit provision, you will need to be aware of Minimum Benefit when your Social Security Benefit exceeds your Monthly LTD Benefit.

Medicare Coverage

After you have received Social Security disability benefits for 24 months (from your Social Security start date, not the initial award date), you will be eligible for Medicare coverage. When Medicare is added, you gain additional insurance coverage that may increase your overall health insurance protection.

Extended Social Security Disability Benefits

Social Security Disability benefits may continue past retirement, now beyond age 65 for people born after 1938 for whom "full Social Security retirement age" will be determined at 66 and 67.

Disability Work Incentives

After you satisfy an Elimination Period, Social Security Disability benefits may continue for 9 months (Trial Work Period) if medical recovery has not occurred. This allows you to work up to at least 3 months, regardless of the amount of your earnings, still receive full Social Security benefits. The trial work period is designed to encourage you to work without a loss of Social Security benefits. If you are able to continue working, benefits would eventually end. However, you may qualify for other work incentives such as an extended period of eligibility for Medicare and prolonged Medicare eligibility.

Test Pattern 1.0

This here be some text. We want at least one page of text included in this testing because text is usually what people transmit in a fax --like a contract page with a signature. Don't get me wrong, graphics are fine but text gives us that warm and fuzzy feeling that this testing is rooted in simulating real-world scenarios.

Graphics, on the other hand, allow us to see minute transmission flaws that are easily overlooked in a text message. The brain is a wonderful thing, and can cause us to overlook small missing details. Take, for example, the car company called KIA. Have you ever noticed that the "A" is missing the bar? It looks like a "/\"

There are other examples of how the brain will fill in missing pieces of characters, or even whole words. I won't bore you with more details. The point is that text is not the best transmission to prove a fax system is working correctly.

Because the human brain is adept at recognizing patterns, the following pattern pages will easily allow one to detect even a small fax issue.

ENERGY ASSISTANCE APPLICATION

The **Energy Assistance Program (EAP)** is designed to help eligible Nevada households with their heating and electric costs. **However, it is NOT an emergency program.**

* INCOME REQUIREMENTS *

The total gross monthly income of all household members may not exceed the amounts shown on the chart below:

YOUR HOUSEHOLD'S GROSS MONTHLY INCOME MAY NOT EXCEED:					
Persons in Household	Annual Income	Monthly Income	Persons in Household	Annual Income	Monthly Income
1	$17,235	$1,436	5	$29,135	$2,428
2	$23,165	$1,930	6	$34,985	$2,915

4	$35,025	$2,919	8	$35,995	$2,999

Households who meet specific criteria and whose gross income exceeds the limit, may have their income reduced or allowable expenses.

* BENEFITS *

Eligible households receive an annual one-time per year benefit, called an "award annual credit" which is paid directly to their energy provider. The benefit shows as a credit on the bill.

MINIMUM PAYMENT – The minimum yearly payment for eligible households is $180.

* WHEN TO APPLY *

- If your family is not currently on the program, apply NOW.
- If you received a benefit during the past 12 months a notice will be mailed to notify you that it is time to reapply. Please submit an application prior to the date you are eligible to reapply or the application will be denied.

* WHAT DO I NEED? *

Complete an EAP application and supply the documentation requested on the form. Suggested income verifications are noted on the back of this page. To get answers to all of your questions, call:

La familia es la unidad básica sobre la cual esta constituida nuestra sociedad, del mismo modo la familia no puede ser considerada como un ente independiente sino que el resultado de las múltiples interacc ones que se ejerce sobre ella

Para intentar representar el punto anterior construí un árbol cuyas ramas están recubiertas de fotos que representan a los miembros de mi familia

- Un pequeño nomo en una maceta representa a mi madre
- El solitario cursor descansando sobre un gráfico a mi padre
- Los múltiples frascos de cremas, colonias y perfumes a mi "nana", la que al llevar mas de 17 años en nuestra familia ya es un miembro más de esta
- Un pequeño perro blanco descansando sobre los tablones de piso el cual (un poco a la fuerza) se ha creado su lugar en nuestra familia
- Una fotografía mía tomada en un momento de descuido por una amiga

El árbol se encuentra apoyado sobre una base con imágenes de ductos y cañerías, análogas a las raíces del árbol nutriendose de lo que su entorno le pueda proveer

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,
the power, and the glory,
for ever and ever]

SECTION 876-000-200
ISSUE 1 AUGUST, 1964
GTE&S STANDARD

INSTALLATION
BOOTH, PORTABLE SHELFETTE

1. GENERAL

1.01 This section provides descriptive information and installation procedures for the 6H 4100 Portable Shelfette Booth.

1.02 The portable shelfette booth (see Figure 1) is a 4-unit indoor booth assembly designed for temporary installation. Two double shelf units are mounted back-to-back on a tubular aluminum stand. The tops of the stand are equipped with locking type swivel casters. The assembly is equipped with clear plastic sides and dividers, and a directory shelf for each unit. The top of the assembly is white plastic (with blue lettering) which encloses fluorescent lighting for illumination. The assembly is 78 inches high, 32 inches wide, and 48 inches long.

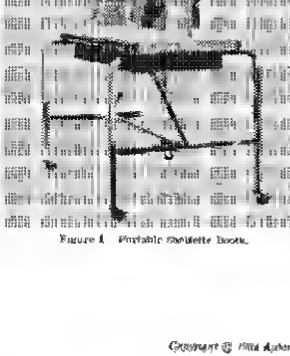

Figure 1. Portable Shelfette Booth.

2. INSTALLATION

2.01 The portable shelfette booth is shipped assembled. Shelftalking, ringer boxes and 44A connecting blocks must be installed on the booth. The 44A connecting blocks should be ordered on a lug support. Use a 9th arbitrary-backed plate to mount the connecting block. Inside wire can then be connected to this block and run to the paystation and ringer box locations. Wire termination and grounding the following for the paystation are provided in GTE 876-000-200, Install the 4H ground wire to a loop bonding the paystation. The inside wire must be routed up the diagonal support member beneath the shelf, from the center of the shelf to the bottom opening of the vertical channel in the back panel and up this channel to the opening at the paystation location. The vertical channel is common to two paystations. A ringer box for each paystation must be attached to the bottom of the writing shelf in the space between the directory shelves. The paystations must be attached directly to the front panel of the booth.

2.02 The portable shelfette booth must be located where the 6-foot cord set can be connected to a 4-wire power outlet without using an extension cord. Use 4-pair 22 gauge inside wiring cable for the connection between the 44A connecting block on the booth and the building terminal (or station protectors if applicable). Using a 66-type bridging connecting splice a #14 ground wire to the ground wire bonded between paystations. Connect this ground wire to the nearest ground. When possible, the ground wire should be taped to the inside wiring cable for paystations.

MATHNASIUM
The Math Learning Center

Stay Ahead in Math This Fall

Nurture your child's natural love for STEM related (science, technology, engineering, and mathematics) fields of study

School is starting soon and your child will be embarking on new learning adventures. Each year as your child advances in math, the curriculum continues to build upon itself. A solid math foundation is crucial to the success of this year and future years. Get ahead and challenge the future engineer, physicist, scientist, architect, or mathematician that resides inside your child!

Our programs help lay the groundwork for a solid math foundation while building upon your child's current math skills. Children that are highly gifted come here for more challenging enrichment. Children that are struggling or behind in math come here to catch up, keep up, get ahead, and improve their confidence.

Your child could become crazy about math!

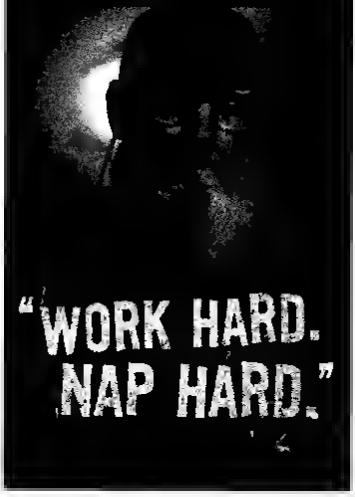

A gymnasium develops the body. Mathnasium develops the mind! Mathnasium is a learning center where students 2nd - 12th grade go to boost their confidence and math skills!

Students attend two to three times a week for about an hour each visit with convenient drop-in unscheduled attendance. Our goal is to enhance each child's math skills and understanding of math concepts regardless of whether they already love math or have always struggled with it.

Make the "Fresh Start" count!

Our Father, which art in heaven,
hallowed be thy name;
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,
the power, and the glory,
for ever and ever]

Stand-alone Medicare Prescription Drug Plans (Part D)

Medicare Prescription Drug Plan (PDP) — A stand-alone drug plan that adds prescription drug coverage to Original Medicare, some Medicare Cost Plans, some Medicare Private Fee-for-Service Plans, and Medicare Medical Savings Account Plans.

Medicare Advantage Plans (Part C) and Cost Plans

Medicare Health Maintenance Organization (HMO) — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and usually covers Part D prescription drug coverage. You must follow your plan's network rules and coverage is limited in some areas (except in emergencies).

Medicare HMO Point-of-Service (HMO-POS) Plans — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes Part D. You may be able to get some services from providers outside your plan's network for a higher copayment or coinsurance.

Medicare Preferred Provider Organization (PPO) Plan — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes Part D. Prescription drug coverage PPOs have a higher cost if you use providers outside your plan's network. You usually don't need a referral to see a specialist.

Medicare Private Fee-for-Service (PFFS) Plan — A Medicare Advantage Plan with help from private companies. Members can choose hospitals and providers, but the plan doesn't have to be part of their network. The plan decides how much it will pay for your care and how much you pay. Some providers may not treat Medicare patients or may not usually participate in your plan.

Medicare Special Needs Plan (SNP) — A Medicare Advantage Plan that has a benefit package designed to best help people with specific health care needs. Examples include people who are both Medicare and Medicaid beneficiaries, people who live in nursing homes, and people who have certain chronic health conditions.

Medicare Medical Savings Account (MSA) Plan — MSA Plans combine a high-deductible health plan with a special bank account. The plan deposits money in your account to pay for health care services you get during the year. You pay for services until you meet your plan's annual deductible is met.

Medicare Cost Plan — In a Medicare Cost Plan you continue to receive benefits from providers in your network. You may get some services from providers outside the plan's network, but not for emergency or follow-up care. Original Medicare may cover some services that aren't covered by the plan. You may have to pay deductibles, coinsurance, and copayments for services you get from providers outside the plan's network.

Other Related Products

Dental/Vision/Hearing Products — Plans offering additional benefits for members who are looking to cover needs such as routine dental, vision, and hearing. These plans are not affiliated or connected to Medicare.

Hospital Indemnity Products — Plans offering additional benefits for members based upon the specific plan's terms and conditions. These plans are not affiliated or connected to Medicare.

Med-care Supplement (Medigap) Products — Insurance plans that help pay some or all of certain out-of-pocket costs not paid by Original Medicare. Some Medigap plans also cover services not covered by Original Medicare, such as medical care while traveling outside the U.S. Medigap policies are sold by private companies.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract and a Medicare-approved Part D sponsor. Enrollment in the plan depends on the plan's contract renewal with Medicare.

accurate and correct employment and criminal history information

If you have interviewed for a(n) Conductor Trainee position with BNSF in the last 6 months, please reply to this email with when and where you interviewed, as it will NOT be necessary for you to retest or interview

If you have been dismissed from service from BNSF or any of its predecessor /subsidiary companies or if you have been bought out of service or settled out of service for any reason from BNSF or any of its predecessor / subsidiary companies you are not eligible for rehire. Also if you have been dismissed for cause from another Class I Railroad it is unlikely that you will be offered a position by BNSF

If you are a current BNSF employee, BEFORE an employee is eligible for a craft transfer they must meet the following criteria: 1) Employee must have 12 months of cumulative compensated service 2) if in a structured apprentice/training program must complete the program and serve an equal amount of time as a journeyman, signalman, etc., or 3) must work one year from the completion date of a sponsored BNSF training program of one week duration or more, or be currently furloughed. Employees must meet all qualifying criteria of the new craft and be selected when vacancies occur. If an employee is accepted into a new craft and is subsequently released from that craft within the probationary period for performance related concerns, the employee is not eligible to re-apply for a craft transfer for a minimum of 2 years from the disqualification date. It should be understood that this is not an automatic process and there is no guarantee of transferring. Current operational and manpower demands may prohibit transfer. Your current exempt supervisor will be contacted for a reference; including attendance, work ethic, performance, safety mindedness, etc. This will be an un-paid day off and you are responsible for securing the time off required to attend this testing and interview session.

Thank you.

HANDBOOK ACKNOWLEDGMENT

I acknowledge that I have received the Company's Employee Handbook ("the Handbook") dated **February 2012**, and understand that violations of the policies contained in the Handbook including but not limited to the Anti Harassment Policy could result in disciplinary action up to and including termination.

I understand I must repay the Company any vacation used but not accrued at the time my employment ends and this shall be due and payable in full to the company within thirty days, thereafter.

I further agree and consent to all policies contained herein and understand that the information contained in the Handbook represents guidelines for the Company and that the Company reserves the right to modify the Handbook or amend or terminate any policy procedure or employee benefit program at any time.

I further understand that the contents of the Handbook do not form a written employment contract for employment for a specific term or duration. Either Insperity or I have the right to terminate my employment at any time with or without cause unless I have entered into a duly authorized employment agreement with Verenga Solar that provides otherwise. Either Verenga Solar or I have the right to terminate my employment at any time with or without cause.

I further understand that no manager, supervisor or other representative of the Company, other than the president or vice president, has any authority to change my at-will status or enter into any agreement guaranteeing employment for any specific period of time. I also understand that any such agreement, if made, will not be duly authorized and enforceable unless it is in writing and signed by both parties. Notwithstanding the above, I also understand that an agreement made by either the president or vice president of Verenga Solar is not binding on Insperity unless it is agreed to in writing by either the president or senior vice president of Insperity.

My signature below certifies that I understand the at-will employment relationship between the Company and myself.

I further understand that if I have any questions about the interpretation or application of any policies contained in the Handbook, I should direct these questions to the onsite supervisor.

9 is not automatic. It is manually entered as before. 9 + area + number
No idea what the fax rate is set to. Old fax machines so whatever rate it is, would be slow. Each one might even be different, as they are different models
Testing internally: dialing 9 and 10 digit number (outside to inside)
Externally, they are able to receive faxes from outside folks, unable to SEND to anyone. Internally, we're unable to test from device to device or floor to floor or between departments in the building on the same cisco system
No other analog lines in the building that I can access, all were switched over to with the new cisco equipment a few months ago

Fax something interesting toll free to 1-855 330-1239 or 1-213 294-2943

Sort by Most recent faxes | Best rated faxes | Most rated faxes

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-855 330-1239 (It's a toll-free number if you're in the USA.) or 1-213-294-2943 (long distance to Los Angeles, California) and it should appear here within a couple of minutes. (your boss will never notice maybe) Keep it clean & legal.

Fax single page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

Today's Economics

If you had purchased $1,000 of shares in Delta Airlines one year ago, you would have $49 today.

If you had purchased $1,000 of shares in AIG one year ago, you would have $33 today.

If you had purchased $1,000 of shares in Lehman Brothers one year ago, you would have $0.00 today.

But, if you had purchased $1,000 worth of beer one year ago, drank all the beer, then turned in the aluminum cans for recycling refund, you would have received $214!

Based on the above, the best current investment play is to drink heavily and recycle. It is called the 401-Keg.

Troubleshooting Guide

Q How do I confirm my patient has an air leak when there is:

■ No bubbling in the water seal?

A If there are *no air bubbles observed going from right to left in the air leak monitor* there is no patient air leak. In order to confirm that your patient's chest catheter(s) are patent, temporarily turn suction off and check for oscillation of the patient pressure float ball in the water seal column coinciding with patient respiration.

■ Bubbling present in the water seal?

A Whenever *persistent or intermittent bubbling* is present in the water seal air leak monitor this will confirm an air leak is present. Oscillation of the patient pressure float ball at the bottom of the water seal *without bubbling* will indicate no apparent air leak. Bubbling from right to left must be present to confirm an air leak. To determine the source of the air leak (patient or catheter connections) **momentarily** clamp the patient tube close to the chest drain and observe the water seal. If bubbling stops the air leak may be from the catheter connections or the patient's chest. Check the catheter connections and patient dressing for a partially withdrawn catheter. If bubbling continues after temporarily clamping the patient tube, this will indicate a system air leak requiring system replacement.

COOKING ON THE BUCKNER CORN GRILL

Grilling basics for the Buckner outdoor grill

Grilling just got safer, easier, more economical, more fun, and best of all, **A WHOLE LOT TASTIER!!!** The Buckner outdoor grill is perfect for the grilling novice who has a tendency to ignite into flame everything that comes near their grate. It's perfect for great grilling chefs who are looking for a versatile grill that cooks clean and lets the true flavor of the meats, vegetables, and spices come through like nothing they have ever cooked on. It's especially perfect for EVERYONE in between.

The Buckner corn grill has controllable temperature features not found in charcoal, and most gas grills. It cooks with both direct (from the burner) and indirect heat (convection from the cast lated air system), so the danger of burning or overcooking food is drastically reduced compared to optional primitive grilling methods.

You will not have to watch this grill every minute. After putting a 15-pound turkey on, if you wish to go shopping, go to a movie, take a nap, or even go for a Sunday drive. After these hours that turkey will be golden brown, tender, and juicier than any turkey you have ever tasted.

We have taken the guesswork out of grilling and added lots of fun, flavor, and versatility. We can almost guarantee that you will light this grill before turning on an oven to cook a piece of meat or vegetables. Although grilling is not an exact science, some people do consider it an art. We feel that we have come very close in removing foolproof outdoor cooking.

Buckner Corn Grill Cooking Ideas

1. After lighting the grill, let the grill burn for 15 to 20 minutes before placing food on the grate. This not only allows the temperature to stabilize the heating surface, but will also sterilize the grate.
2. Most foods will cook best within a 300 to 350 degree temperature range (between the 2 to 3 setting on the temperature control knob). If you have a large (or any size) steak, that you wish to sear and cook hard and fast, crank it up to 5 or 6 until it reaches a temperature of 300 to 350.
3. Although it is not necessary to turn the food on the Buckner corn grill, everyone does. We can't help it. It is inborn. We love to see those grill marks on both sides. When you are cooking on this (or any grill) most meat will stick to the grate as soon as it hits. Generally when it is ready to turn, the meat will come free and turn easily without sticking.
4. Although flare-ups are rare with the Buckner corn grill, the chance of flare-up can be greatly reduced or even eliminated by using lean meat, trimming the fat and grilling at a temperature between 300 to 350 degrees. Flare-ups usually occur when grilling hamburgers that have a high fat content. Use a leaner ground beef such as ground round or ground sirloin. Not only does this eliminate flare-up, but will give you the best burger that you have ever tasted.
5. Don't be afraid to experiment. The use of spices and marinates will be more tasteful to you than creosotes, tars and the chemicals that come from charcoal and gas.
6. If cooking sauces are being used (such as a heavy barbeque sauce) apply two minutes before you take the meat off of the grill, or after the meat is removed (heavy sauces cook quickly and may burn and take away from the taste of the food).
7. At first you may have a tendency to overcook on the Buckner corn grill. The color of the meat may appear to have a pink or reddish appearance. Something that is seen in smoked food. Make sure the meat is done, but not over done.

As I was walking up the stair
I met a man who wasn't there
He wasn't there again today
Oh how I wish he'd go away

When I came home last night at three
The man was waiting there for me
But when I looked around the hall
I couldn't see him there at all!
Go away, go away, don't you come back any more!
Go away, go away, and please don't slam the door

Last night I saw upon the stair
A little man who wasn't there
He wasn't there again today
Oh how I wish he'd go away

Testing Your HP Fax Machine with the HP Fax Test Service

Stampa Condividi Commenti

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service. Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTA: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTA: Whenever troubleshooting a fax issue, it is good practice to set the Automatic Reports option to **Every Error** before attempting a test fax. This way, even if this sent fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product User's Guide for specific steps.

1. Send a one page black and white test fax to **1-888-hpfaxme** (1-888-473-2963)
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within **5-7 minutes**, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTA: The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the line. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

Chlamydia Trachomatis **Detected**

COMMENTS/DISCLAIMERS:
The Hologic Gen Probe APTIMA Combo 2 Assay is a target amplification nucleic acid probe test that utilizes target capture for the in vitro qualitative detection and differentiation of ribosomal RNA (rRNA) from Chlamydia trachomatis and/or Neisseria gonorrhoeae in clinician-collected endocervical, vaginal, and male urethral swab specimens, and male urine specimens. The assay may be used to test specimens from symptomatic and asymptomatic individuals to aid in the diagnosis of gonococcal and/or chlamydial urogenital disease. A negative result does not preclude the presence of a C. trachomatis or N. gonorrhoeae infection because results are dependent on adequate specimen collection, absence of inhibitors and sufficient rRNA to be detected.
The APTIMA Combo 2 Assay is not intended for the evaluation of suspected sexual abuse or for other medico-legal indications. For those patients for whom a false positive result may have adverse psychosocial impact, the CDC recommends retesting by a method using an alternate technology.

Form W-4 (2014)

Purpose. Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. Consider completing a new Form W-4 each year and when your personal or financial situation changes.

Exemption from withholding. If you anticipate a refund because you have no tax liability and you meet all of the conditions for exemption in Pub. 505, you can claim exemption from withholding for 2014 by writing "Exempt" on Form W-4. You can't claim exemption if your income exceeds $1,000 and includes more than $350 of unearned income (for example, interest and dividends).

Exceptions. An employee may not claim exemption from withholding even if the employee is a dependent if the employee:

- Is married and has more than $1,000 of unearned income (for example, interest and dividends), or
- Is age 65 or older

- Is blind, or
- Will claim adjustments to income, tax credits, or itemized deductions, on his or her tax return

The employee do not apply to supplemental wages greater than $1,000,000.

Basic instructions. If you are not exempt, complete the Personal Allowances Worksheet below. The worksheet lets you figure the number of withholding allowances based on itemized deductions, certain credits, adjustments to income, and additional income from jobs.

Complete all worksheets that apply. However, you may claim fewer (or zero) allowances. For regular wages, withholding must be based on allowances you claimed and may not be a flat amount or percentage of wages.

Head of household. Generally, you can claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the cost of keeping up a home for yourself and your qualifying child(ren) or other dependents. See Pub. 501, Exemptions, Standard Deduction, and Filing Information for information.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the Personal Allowances Worksheet below. See Pub. 503, Child and Dependent Care Expenses, and Pub. 972, Child Tax Credit, for information on these credits.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you may owe additional tax. If you have pension or annuity income, see Pub. 505 to find out if you should adjust your withholding on Form W-4 or W-4P.

Two earners or multiple jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others. See Pub. 505 for details.

Nonresident alien. If you are a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Check your withholding. After your Form W-4 takes effect, use Pub. 505 to see how the amount you are having withheld compares to your projected total tax for 2014. See Pub. 505, especially if your earnings exceed $ 30,000 (Single) or $ 180,000 (Married).

Future developments. Information about any future developments affecting Form W-4 (such as legislation enacted after we release it) will be posted at www.irs.gov/w4.

For accuracy, complete all worksheets that apply.

- If you plan to itemize or claim adjustments to income and want to reduce your withholding, see the **Deductions and Adjustments Worksheet** on page 2.
- If you are single and have more than one job or are married and you and your spouse both work and the combined earnings from all jobs exceed $40,000 ($25,000 if married), see the **Two-Earners/Multiple Jobs Worksheet** on page 2 to avoid having too little tax withheld.
- If neither of the above situations applies, stop here and enter the number from line H on line 5 of Form W-4 below.

Separate here and give Form W-4 to your employer. Keep the top part for your records.

	• Last year I had a right to a refund of all federal income tax withheld because I had no tax liability, and		
	• This year I expect a refund of all federal income tax withheld because I expect to have no tax liability.		
	If you meet both conditions, write "Exempt" here	7	

Under penalties of perjury, I declare that I have examined this certificate and, to the best of my knowledge and belief, it is true, correct, and complete.
